Exploring SHRI BALAJI COMPUTERS & PHOTOSTAT: A Local Service Analysis

Located near the Red Cross Building on Jail Road in Rewari, Haryana, **SHRI BALAJI COMPUTERS & PHOTOSTAT** offers a range of services that include

photocopying, printing, and various digital services. However, customer experiences vary widely, and it's essential to examine both the positives and negatives when considering their services.

Service Options and Pricing

One of the most discussed aspects of this establishment is its pricing structure. Although they advertise services for just **70 paise per copy**, numerous customers have reported being charged **1.50 Rs per copy**, effectively doubling the expected cost. This discrepancy in pricing has led many to express their dissatisfaction:

"They say 70 paise but cost double the amount." "One black page printout costs **10 Rs per paper**."

This pattern of pricing inconsistency raises questions about transparency, leading to a less than favorable impression among patrons.

Customer Experience: The Good and the Bad

While some clients have experienced quick and efficient service, others have faced challenges with staff behavior:

"Fast service" noted by some satisfied customers. "Pathetic staff" and "bad behaviour" encountered by others.

The mixed reviews suggest a need for improved customer service training to enhance client interactions and maintain a positive rapport.

Payment Methods

In today's digital age, flexible payment options are crucial. SHRI BALAJI COMPUTERS & PHOTOSTAT accepts various forms of payments including:

Debit Cards NFC Mobile Payments: Including Google Pay, offering convenience for tech-savvy customers. However, it is advisable for customers to confirm payment details beforehand as experiences vary widely.

Delivery and Same-Day Options

Another critical aspect of the services provided is delivery, particularly for urgent requests. Customers often seek **same-day delivery** for their documents, and while the shop aims to accommodate these needs, the effectiveness can hinge on the workload and prioritization of orders.

Final Thoughts

SHRI BALAJI COMPUTERS & PHOTOSTAT presents an interesting case study in local business dynamics. While they offer potentially fast service and modern payment options, issues such as pricing transparency, inconsistent service quality, and customer interaction require attention. As one patron succinctly put

it, “Never visiting again.”

If you have had experiences with this establishment, feel free to share them and contribute to this ongoing dialogue about local service quality in Rewari.
